The Bookmobile made two visits leaving a total of 222 books.

We purchased some card files and a few supplies using our quilt money for the purpose. There was no quilt money this year so we were unable to do much else.

We are still open twelve hours a week but we may have to give up one afternoon a week. We hope not.

We have missed the leadership of our chairman, May Thayer, and would like to express our appreciation for her many years of service as a Library Trustee.

REPORT OF THE DALTON PLANNING BOARD - 1981

The Planning Board has spent a great deal of time this year holding meetings, hearing testimony and evaluating the effects of the proposed High Voltage Power Line. The Board unanimously opposes this line for several reasons. The foremost reason is the Board's contention that the line will erode the town's already fragile tax base. One of the town's biggest assets is its land and to cut through the heart of the town with yet another right-of-way would certainly reduce the attractiveness for potential subdivision and consequent land sales.

Over the past ten years the town of Dalton has demonstrated a slow, controlled and steady growth. The addition of another Power Line with one hundred foot high towers on a two hundred foot right-of-way can not, in the Planning Board's view, enable the town to grow in an orderly and planned fashion. The property owners effected will definitely suffer a loss of subdivision potential due to the unattractiveness of the line, the Board feels. The Planning Board further feels that the use of herbicides to kill vegetation under the line is a serious threat to the drinking water for a great deal of the town's people.

Because of the ill effects caused by this project, the Board has filed to make a general appearance before the Site Evaluation Committee in March in Colebrook. The Site Evaluation Committee is the body which will ultimately decide whether the line will pass through New Hampshire or not.

Respectfully submitted,
Robert Bartle, Chairman

TOWN REPORT
1981

The Public Health Nursing Service, Inc. is a voluntary non-profit agency which is Medicare/Medicaid certified and also maintains a contract with Blue Cross/Blue Shield for skilled services provided to the residents of Lancaster, Whitefield, Jefferson, Dalton, Groveton and Stark. The agency is governed by a Board of Directors elected from the communities served.

Skilled services provided during the year 1981 included 2901 nursing visits, 470 physical therapy visits, and 189 speech therapy visits to patients requiring these services in their homes. All care is delivered under a treatment plan established by the patient's local physician. In addition to our care of the sick program, we have been pleased to offer several illness prevention programs.

In conjunction with the State of New Hampshire, Bureau of Maternal & Child Health 78 children are taking advantage of our Well Child Clinics which are held monthly. The clinics provide, in addition to the physical examination, hearing, vision, urine screening, developmental testing, nutrition counseling and immunizations to all children in the towns served. Dental clinics are held twice a year, and Pre-School Hearing and Vision testing are available each year.

Monthly Blood Pressure clinics are held in each town served. We have worked closely with local Lions Clubs to provide Adult Health Screening clinics with Lancaster Public Health Nursing Service responsible for any needed follow-up.

Visits to residents of the towns served are based on service needed, regardless of race, color, creed, sex or ability to pay.

As federal programs are decreased and funding sources become more stringent with their criteria, citizens of our service area are going to look to local resources to assist with health maintenance and illness prevention programs more and more — we will be here, growing and changing to meet your needs.

Roberta Daycock, R.N.
Director, Public Health Nursing Service, Inc.

DALTON FIRE DEPARTMENT

Annual Report for the Year Ending December 31, 1981

The number of fire calls increased by two in 1981 over 1980. Mutual aid calls being the larger percentage over local calls.

Following is breakdown of calls made:

Town Calls	
Trailer Fires	2
Chimney Fires	4
Grass Fires	3
Rescue	2
Dump	2
	13

Mutual Aid Calls	
Gilman	7
Littleton	1
Concord, Vt.	4
Lancaster	2
Whitefield	1
	15

This makes a combined total of 28 calls, plus many standby calls on our own, mostly Gilman and Lunenburg, Vt., which were not called into service.

In 1981 Fire Training continued at a brisk pace, including the use of Scott Air Packs with instructions from the Littleton Fire Department, pump and tank relay with Gilman, Concord, Vt. participating at Dalton. Tank and Fire Training at Lancaster with the northern New Hampshire Fire Aid Pact. Training on portable pump with Granby, Vt. Fire Dept. participation at Dalton.

Four ways to help prevent fire in and around your home and protect you and your loved ones:

1. On the inside of your home or building, keep your heating plant in good repair and have it inspected regularly for safety and energy conservation. Don't let combustible materials collect around furnace or other heating devices.
2. On the outside of your home or building, cut down high weeds, rake up trash, clean up and keep combustibles away from doors and windows. A clean yard seldom burns and it is a credit to your Community.
3. Make-shift electrical repairs are fire hazards. Keep all electrical wiring and drop cords in good condition.

4. Know your A. B. C.'s - Fire Extinguishers
   A. Keep Fire Extinguisher in the clear; don't pile materials around them.
   B. Know where they are located.
   C. Learn how to use them and be sure they are serviced and in good operating condition.
5. Know your Fire Department's phone number. Remember in case of fire, call the Fire Department first and then fight the fire. The Fire Department Telephone number: 837-9393.

Respectfully,
Raymond Bartlett
Chief, Dalton Volunteer Fire Dept.
